Dubai, UAE | +971 55 627 0561 | vinayakbhadani1998@gmail.com | linkedin.com/in/vinayak-bhadani-b70257193 | vinayakbhadani.com

EXECUTIVE PROFILE

Results-driven supply chain professional with **3+ years** of progressive experience in demand planning, inventory management, and S&OP execution across GCC retail and duty-free import operations. Currently owning forecast accuracy and replenishment for **~635 SKUs across 28 UAE retail stores and 11 fragrance brands** at Emirates Pride Perfumes, while independently designing and shipping *AI-powered supply chain automation tools* from the ground up. Uniquely positioned at the intersection of **operational demand planning** and **full-stack AI tool development**, having built and deployed a live stock management system now used daily by 50-70 staff across 28 stores. Proven track record improving forecast accuracy, reducing freight errors, and eliminating manual processes across UAE, KSA, Oman, and China-MENA import lanes.

Core Competencies: Demand Planning & Forecasting • S&OP Execution • Inventory & Replenishment Management • AI Tool Development • Import & 3PL Coordination • ERP / SAP / Odoo • Distribution Planning • Cross-Functional Alignment • Lean & Six Sigma

PROFESSIONAL EXPERIENCE

Emirates Pride Perfumes — Demand Planning Executive

Dubai, UAE | Apr 2026 – Present

Own end-to-end demand planning, inventory, and replenishment for ~635 finished-goods SKUs across 11 in-house fragrance brands (Bel Collection, Caballo, ASL, Rimal, Flower Scents, Serenity, WO'UD, Mirsal, Liwan, Yumira, Heritage) and 28 UAE retail stores.

- **Own regional demand planning outlook** across **~635 SKUs and 40+ retail/duty-free stores in UAE, KSA, and Oman**, driving forecast accuracy and replenishment cycles for **11 fragrance brands** plus **export planning** for overseas expansion into the **US, Australia, and Canada**.
- **Built and deployed** an AI-powered Stock Register web app (HTML/JS/Supabase) covering real-time stock tracking, MIN/MAX replenishment diagnostics, tester workflows, and a bilingual staff UI — **eliminating manual register dependency** across all 28 stores, used daily by **50-70 staff**.
- **Lead** S&OP alignment with Sales, Marketing, Warehouse, and Area Managers to synchronize supply with retail demand across **UAE, KSA, and Oman** markets.
- **Manage** distribution planning for slow-moving and discontinued SKUs, coordinating stock redistribution across **23+ locations** to minimize dead stock.

ANDS — Demand Planning Analyst

Dubai, UAE | Oct 2023 – Mar 2026

Planned and forecasted inventory across China, MENA, and GCC import operations, owning end-to-end import execution from PO to customs clearance.

- **Handled** end-to-end planning and execution of Sales & Operations Planning (S&OP) for **20+ Duty Free GCC airports**, forecasting and planning inventory across China, MENA, and GCC markets at **~100K units/month** to minimize non-moving SKUs and align supply with business demand.
- **Managed** end-to-end import operations from PO issuance to customs clearance; negotiated freight rates with 3PLs across China-UAE-Oman lanes, **reducing freight errors by 20%** and **improving on-time delivery by 25%**.
- **Prepared** import costing, pricing, and margin reports; performed ERP-based stock reconciliation ensuring system-physical alignment.

Global Automobiles — Inventory Operations Analyst

Jamshedpur, India | Apr 2022 – Oct 2022

Managed spare-parts inventory accuracy and delivery performance across 5 two-wheeler brands.

- **Maintained 98% inventory accuracy** and **95% on-time delivery** across spare parts for 5 two-wheeler brands via ERP and supplier coordination.
- **Supported** lean initiatives **improving turnover by 20%** and **reducing holding costs by 15%**; strengthened warehouse efficiency and working capital.
